Master's degree in Aerospace Science and Technology.
MAST

First Semester
- Space Systems Engineering
  - Sutton, George P.
    - *Rocket propulsion elements*
- Broadening of Fundamentals in Aerospace Science and Technology
  - Fortescue, Peter
    - *Spacecraft systems engineering*
  - Sutton, George P.
    - *Rocket propulsion elements*

Second Semester
- Radionavigation
  - *GPS data processing: code and phase: algorithms, techniques and recipes*
